

## DOOR SYSTEMS

# SLIDE, FOLD, STACK DOOR

Ideal for creating wide openings for both interior and exterior situations.

Openings up to 6m in each direction so can facilitate up to 12m openings.

Can be centrally hung or side hung to reduce the amount of storage space required.

Continuous support for the glass doors with a complete rail system which requires no holes in the glass.

A clear floor passageway is possible with no track on the floor.

Top and Bottom Rails have the ability to add brush seals to reduce wind and sound intrusion.

Can be configured for a range of opening formats including an externally opening door. • Manufactured from aluminium and available in a range of finishes
